PROFESSIONAL EXPERIENCE

Corporate Financial Controller — Finance Division

KITEA GROUPE | January 2026 – Present

- Preparation of the consolidated P&L and analytical P&L for KITEA Groupe and its Business Units (Roche Bobois Maroc & KITEA Kitchen);
- Management of the full budget cycle (construction, consolidation and monitoring) across the Group and its BUs, covering OPEX & CAPEX budgets;
- Variance analysis with production of performance improvement recommendations for senior management;
- Ad hoc strategic analyses for Group-level decision-making.

Financial Controller

KITEA GROUPE | July 2025 – December 2025

- Preparation of consolidated P&L and store-level analytical P&L for KITEA, including variance analysis and performance recommendations;
- Elaboration and monitoring of CAPEX & OPEX budgets, with budgetary execution control by department and variance analysis;
- Detailed purchasing reporting: tracking of purchases, sales, margin and stock by category, sub-category and article, with actual vs. budget and actual vs. historical analysis.

Financial Controller

Aswak Assalam | March 2024 – June 2025

- Revenue, margin and customer traffic tracking via Power BI dashboards;
- Preparation of inventory monitoring reports;
- Monthly closing report preparation;
- Preparation and monitoring of the annual budget and forecasts;
- Budget variance analysis and proposal of corrective actions to improve entity profitability;
- Monitoring and analysis of general expense consumption.

Power BI Developer — Internship

Label'Vie | October 2023 – February 2024

- Design and development of interactive dashboards for promotional sales analysis;
- Revenue and incremental margin analysis using DAX language.
